DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 48 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The "/" symbol renders the claim indefinite because one of ordinary skill would not know if this meant "and" or "or."

Claim Allowance

Claims 22-40, 43-47 and 49-50 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not suggest or teach a an apparatus for conducting chemical reactions, particularly the arrangement of the pressure device or the arrangement of the feed supply.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
